SquashSmarts is a registered  
501c3 non-profit organization.

September 8, 2020

To Whom it may concern:

It is with pleasure that I write this letter about Great Valley High School rising Junior Prithvi Parthasarathy, who volunteered with SquashSmarts during the Summer of 2020.

SquashSmarts is a free out-of-school tutoring program changing the lives of Philadelphia's public school students. Prithvi contributed to the program during the COVID-19 pandemic and helped advance the learning of the students in his class. He tutored 8th graders in solving math problems, writing fiction and narrative stories, and deciding the right high school for them. Prithvi played an active role in the success of his class. We wish him all the success for his future endeavors.

Regards,

Alix Cummin
